

SET2023: CALL FOR PAPERS

15 – 17 August 2023, Nottingham, UK

SET2023 is a multi-disciplinary, peer-reviewed international conference on sustainable energy sources and technologies that provides a forum for the exchange of latest technical information, the dissemination of the high-quality research results, the presentation of the new developments in the area, and the debate and shaping of future directions and priorities for sustainable development and energy security.

Contributions are invited on the topics within the conference scope of sustainable energy technologies, see box below. Abstract should be between 250 and 350 words and submitted to EasyChair via the SET2023 website: set2023.org. All contributions should be of high quality, original and not published elsewhere or submitted for publication during the review period. All presented papers, oral or posters, will be published in the conference proceedings.

SET2023 will be hosted by the University of Nottingham and WSSET (World Society of Sustainable Energy Technologies) in Nottingham. A certificate of attendance will be given for all presentations.

Papers welcome on the following subjects: Energy Technology and Renewables; Energy Storage and Conversion; Low Carbon Buildings, Architecture and Sustainable Cities; Policies and Management.

Chairs
Prof. Saffa Riffat, University of Nottingham, President of the World Society of Sustainable Energy Technologies
Co-chair
Prof. Mark Gillott, University of Nottingham, Pro-Vice-Chancellor for Education and Student Experience

Deadline date	Action
Friday 31 March 2023	Abstract submission
Monday 12 June 2023	Full manuscript submission
Friday 14 July 2023	Final submission of accepted papers
Monday 1 August 2023	Registration & payment deadline (Fees MUST be paid for inclusion in the programme)
